

The Republic RX-1000 oil-lubricated vacuum series is robust and reliable. With capacities from 117.0 to 490.0 cfm, this series is easy to service and provides long service intervals, including the phenolic vanes. This series is available with or without motor to accommodate many industrial applications. Made for continuous duty, these pumps provide the deepest vacuum possible. Backed by Republic Manufacturing's standard warranty.

ADVANTAGES

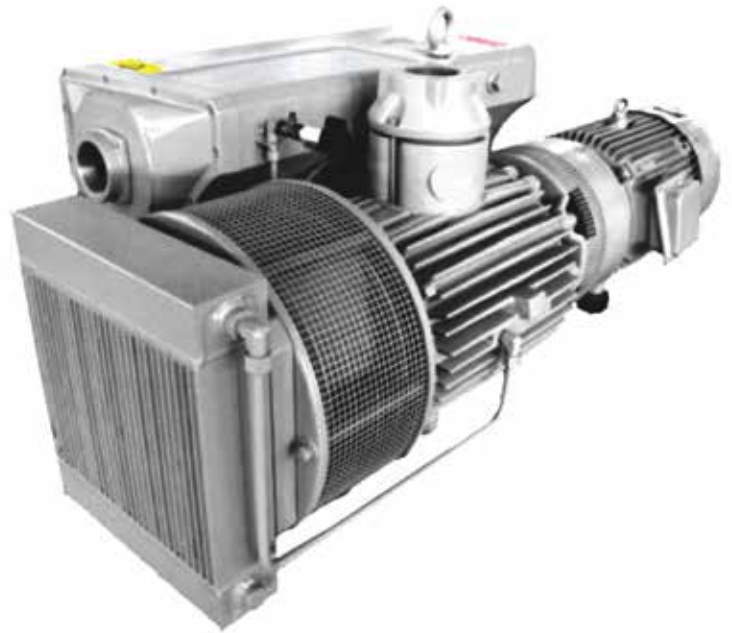

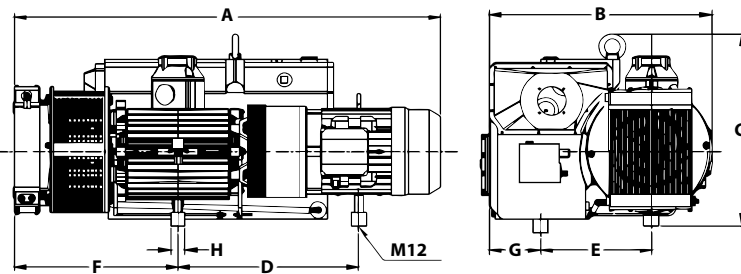

- Continuous duty
- Simple maintenance
- Higher vacuum capabilities
- Easy to install
- Quiet operation
