

Republic offers the RX-140 oil lubricated rotary vane vacuum pump. Single stage, air-cooled, and direct-driven, the design is one of the most reliable and simplest pumps available.

The Republic RX-140 oil-lubricated vacuum pump is robust and reliable. This pump is easy to service and provides long service intervals, including the phenolic vanes. It is available with or without motor to accommodate many industrial applications. Made for continuous duty, This pump provides the deepest vacuum possible.

ADVANTAGES

- Continuous duty
- Simple maintenance
- Higher Vacuum Capabilities
- Easy to install
- Quiet operation
