

Republic Vacuum Pump VRT-3060

R E P U B L I C
Vacuum Pumps®

Republic offers the VRT-3060 dry running rotary vane vacuum pump with integral suction air filter. Sound cover reduces noise level, enhances cooling and protects operator from touching hot surfaces. Flexible connections possible, low pulsation, easy to operate, maintain and install.

Advantages

- ▲ Absolutely oil-free
- ▲ Free moving vanes
- ▲ Lower initial cost
- ▲ Higher vacuum capabilities

Product Options

- ▲ Air filter (recommended)
- ▲ Vacuum regulating valve
- ▲ Non-return valve
